

Evans is a boutique management consulting firm that partners with large organizations through transformative change. We have more than 25 years of experience working with government agencies. We are technology agnostic, focusing on the human side of technological implementation and organizational efficiency.

### Core Capabilities:

Organization Design

Project Management Optimization

Communications

Business Transformation

Technological Implementation

Human Capital Management

Evans Consulting helps clients reach their strategic objectives, create resilience to change, and develop their leadership skills through coaching, strategic advice, and tactical support. The company has a strong track record of partnering with servant leaders who want to implement emerging technology, namely at the Federal Aviation Administration.

### Differentiators:

- Human-centered approach allows us to design solutions that really work
- Expertise in bridging technological implementation and the human side of change
- Embedded consultants ensure you have a partner through the transformation process
- A culture of servant leadership
- Staff who are passionate about serving the public good
- Technology agnostic – we can help implement any technology your agency needs!

### Our clients include:

Department of Transportation  
Federal Aviation Administration  
DOD & VA IPO for Health Data Standardization  
Food & Drug Administration  
National Institutes of Health  
National Education Association  
U.S. Agency for International Development  
U.S. Congress  
Loudoun County Sheriff's Office
